I do hereby certify upon honor that the foregoing
 is a correct census of the Cherokees residing in the counties
 of Cobb, Cherokee, Gilmer, Union, Lumpkin and Forsyth
 comprising the district assigned me by the Superintendent
 of Cherokee removals and that the other items of information
 under their appropriate heads are as correctly stated as
 practical without a precise and thorough examination of each
 subject respectively. signed: C H Nelson, Census and
 Emigrating Agent, for the U. S.
 Harry Crittenton interpreter.

1835 CENSUS OF CHEROKEE INDIANS (HENDERSON ROLL) PAGE 11
AS TAKEN FROM THE ALABAMA LIST

Note at bottom of page 17:

I do hereby certify upon honor that the foregoing is a correct census of the Cherokees residing in the chartered limits of the State of Alabama, comprising the District assigned me by the Superintendent of Cherokee Removals and that the other items of information under their appropriate heads are as correctly stated as practicable without a precise and thorough examination of each subject respectively.

signed by REZIN RAWLINGS CENSUS TAKER AND ENROLLING AGENT
IN THE LIMITS OF ALABAMA.

(CHEROKEE AGENCY EAST

OCTOBER 26, 1835.)

INFORMATION REGARDING THE HIWASSEE RIVER FOLLOWS:
 (as given on the margin of this old book):

"This river heads in Georgia and runs into North Carolina about 30 miles west of the North East corner of Georgia runs nearly due west about 38 miles into Tennessee about 12 miles North of the South West corner of North Carolina through a very poor and mountainous country affording many valuable seats (sites) for machinery and the country abounds in excellent beds of IRON ORE OF SUPERIOR quality.

GOLD has been found in this RIVER and all its tributary streams that have been examined. A species of WHITE and GREY MARBLE IS FOUND IN LARGE QUARRIES near the mouth of VALLEY RIVER, of very superior quality. I find about 10,000 acres of land fit for cultivation on this river of tolerably good quality. "

NED CRISTEY: MOUTH OF VALLEY RIVER (Rye) 3

This river runs into Hiwassee river from a North course
 COURSE has fine seat (sites) Machinery abounds with iron
 ore and has about 10,000 acres of land of very superior
 quality. The mountain scenery here is very grand.

GOLD IS FOUND HERE in abundance. I was shown by the
 indians, some very old looking marks of mining operations

MALES FEMALES SLAVES
UNDER OVER UNDER OVER
Old book page 22 18 18 18 16 16

on this River near the head of the River. I was shown a
Chalybeate Spring that rises out of a solid mass of Bog Iron
ore.

| RATLER SR. | MACON CTY | 1 | 1 | 2 | 1 |

Note: I found in Macon and Haywood counties the balance

OF THOSE FAMILIES CONSISTING OF 233 souls who have left their country and settled among the whites near where they was raised, those families do not appear to be progressing in the art of civilization as much as those in the hart of the Nations to their credit and their white neighbors.

I found but one half breed that lived there and he was over 16 years of age. The most of those families purchased land from the whites but failed to make payments and have lost it and moved out on the mountains on the states land.
